Profile

Japan Real Estate Investment Corporation (the “Company”) was established as one of the first real estate investment corporations in Japan following revisions to the Act on Investment Trusts and Investment Corporations of Japan, as amended, or the ITA. Its investments focus primarily on office buildings, and it is aiming to maintain geographic diversity while seeking stable growth and dividends in the medium- to long-term. The Company was listed on the Tokyo Stock Exchange (TSE) on September 10, 2001 (Securities Code: 8952).

Note: Investment corporations, including the Company, are special legal entities incorporated and operated under the ITA. Accordingly, the “units” of such investment corporations, including the units of the Company, are governed by the ITA and represent the equity interests in such investment corporations, which may differ in certain material respects from the “shares” governed by the Corporation Law of Japan and representing the equity interests in Japanese ordinary corporations incorporated and operated under the Corporation Law of Japan. Investors and readers are specifically reminded to pay attention to such differences when reviewing this semiannual report and making any investment decision on or in respect of the units of the Company. “Unitholders” of the Company may be construed accordingly. Each investor and reader should consult their own legal, tax, and other advisors regarding all Japanese legal, tax, and other consequences of an investment in the units of the Company, with specific reference to their own legal, tax, and other situations, and any recent changes in applicable laws and guidelines or their interpretation.

The Strengths of Japan Real Estate Investment Corporation

1 Steady Growth of Dividends

Actual dividend per unit for the September 2023 period:

JPY 12,000

Forecast dividend per unit for the March 2024 period:

JPY 11,700

2 Collaboration with Sponsor

Expertise of Mitsubishi Estate Co., Ltd.

3 Steady Growth of Quality Portfolio (As of September 30, 2023)

Total acquisition price: JPY 1.13 trillion 77 properties

The first listed J-REIT in 2001

4 Sound Financial Base (As of September 30, 2023)

Highest credit ratings for a J-REIT: AA+ from JCR, AA from R&I, A+ from S&P

Long-term interest-bearing debt ratio*: 90.4%

LTV (Interest-bearing debt / Total assets): 42.6%

* (Long-term loans [including current portion of long-term loans] + Investment corporation bonds) / Total interest-bearing debt

To Our Unitholders

In the fiscal period ended September 30, 2023, the Japan Real Estate Corporation (JRE) increased dividends per unit (DPU) by JPY 333, to JPY 12,000, marking the 19th consecutive period of DPU growth. In terms of internal growth, despite the large supply of new office buildings, leasing demand, such as that for larger office space as a result of business expansion and for relocating to more favorable locations, continues to increase. Capturing such encouraging demand enabled us to make progress on backfilling large-scale vacancies created by the withdrawal of major tenants. We will maintain strategic leasing activities while continuing to carefully monitor the balance between supply and demand.

Business Performance for the September 2023 Period

Summary of Financial Results and Dividends

In the September 2023 period (April 1, 2023 to September 30, 2023), Japan Real Estate Investment Corporation recorded operating revenues increased 3.4% compared with the previous period, to JPY 38,627 million, while operating profit increased 5.9% to JPY 18,048 million. After deducting expenses for interest payments on loans and other costs, ordinary profit increased 5.7% to JPY 17,086 million, and profit increased 5.7% to JPY 17,075 million.

As for dividends in the fiscal period under review, the Company will make cash distributions using earnings based on the dividend policy outlined in Article 32-1 (2) of the Company's Articles of Incorporation, with an amount that exceeds 90% of profit available for dividends as required by Article 67-15 of the Act on Special Measures Concerning Taxation. Based on this policy, the Company decided, without exceeding unappropriated retained earnings for the fiscal period under review and ensuring that retained earnings are brought forward, that the total amount of dividends shall be JPY 17,074,368,000 for the fiscal period under review, which is a multiple of 1,422,864, the number of units outstanding as of September 30, 2023. Accordingly, the dividend per investment unit came to JPY 12,000.

Operating Environment and Performance

During the September 2023 period (April 1, 2023 to September 30, 2023), the Japanese economy continued to demonstrate a gradual recovery on the back of firm capital investment and personal consumption, despite the impacts of inflation. This was mainly owed to the further easing of pandemic restrictions after COVID-19 was downgraded to a Class 5 disease. On the other hand, the outlook for the future remains uncertain with long-term interest rates in Japan climbing higher, driven mainly by global monetary tightening and the Bank of Japan's adoption of greater flexibility in its yield curve control policy. The effects of rising prices, supply-side constraints, and fluctuations in financial and capital markets will bear watching.

In the office leasing market, despite a significant supply of new office buildings, demand continues to grow for leases driven by business expansion and relocations aimed at improving location. As a result, the vacancy rate in central Tokyo remains flat. Rent levels continue to trend slightly downward. In light of the prevailing conditions in the leasing market, the Company is striving to attract new tenants through strategic leasing activities and to further enhance the satisfaction level of existing tenants by adding value to its portfolio properties with the aim of securing stable income and maintaining and improving the occupancy rate across the entire portfolio.

In the real estate trading market, the appetite for property acquisition among both domestic and foreign investors remains firm because of the interest rate differential with overseas markets and depreciation in the yen. There is still fierce competition, particularly for high-quality office buildings, and as a result, expected yields remain low.

In this market environment, the Company made sound investments based on its investment policy of providing stable dividends to unitholders, which has remained unchanged since its listing on the TSE. Dividend per unit for the period was JPY 12,000, up JPY 333 from the previous period.

In the office leasing market in the fiscal period under review, the occupancy rate at the end of the period was 95.0%, a decrease of 0.5% from the end of the previous period. By capturing positive demand mainly from relocations for business expansion purposes, the Company was able to fill vacancies caused by large tenants moving out.

As for property acquisitions and dispositions, the Company disposed of a 30% quasi co-ownership interest of the trust beneficiary right in Harumi Front (Chuo-ku, Tokyo) for JPY 11,733 million on April 3, 2023. The property will be disposed of in stages over three fiscal periods, with the third and final portion of 45% to be disposed of on January 12, 2024 for JPY 17,599 million. In addition, the Company acquired Forecast Sakaisujihonmachi (Osaka-shi, Osaka) for JPY 17,215 million on August 31, 2023.

As for external growth, we acquired Forecast Sakaisujihonmachi in August 2023, and also completed the disposition of a 30% ownership interest in Harumi Front, the second of a three-stage disposition. We will continue promoting our asset replacement strategy, aiming to improve the competitiveness of our portfolio over the medium- to long-term.

On the environmental front, JRE is promoting initiatives aimed at achieving its goals for FY2030 and addressing its materiality. Going forward, JRE will continue pioneering an approach to asset management that takes sustainability into consideration.

As a result of the above, the Company's portfolio at the end of the fiscal period under review (September 30, 2023) consisted of 77 properties, with a total acquisition price of JPY 1.13 trillion. (Note 1) Net rentable floor area stood at 888,354 m² with 1,600 tenants in total. (Note 2)

Also, the Company plans to acquire, on December 1, 2023, an additional interest in Seavans S Building (Minato-ku, Tokyo), construction of which was completed in January 1991, for JPY 2,290 million, which means the Company's co-ownership interest in the property will increase from 13.45% to 17.67%.

Note 1: The total acquisition price includes a portion of the acquisition price of JRE Jingumae Media Square Building pertaining to the partially expropriated site and the easement extinguished due to expropriation of part of the adjacent site, and excludes that of Harumi Front corresponding to an interest transferred in the period until the end of September 2023.

Note 2: Shibuya Cross Tower (land with leasehold interest), in which the Company's building ownership was disposed of on January 18, 2018, is included in the above number of properties and total acquisition price, but is not included in net rentable floor area and total number of tenants.

Finance Activities

According to its financial policy, the Company aims to maintain the LTV ratio (ratio of interest-bearing debt to total assets) at 30% to 40%, and strives to maintain a sound and conservative financial profile by staggering maturities, extending durations, and diversifying stable lenders, among other measures, taking into consideration borrowing costs and existing relationships with lenders.

Concerning new loans related to property acquisitions and the refinancing of existing loans, the Company takes out loans strategically and flexibly after giving due consideration to the above-mentioned means, as well as the possibility of repayment with funds procured from issuing new investment units.

In the fiscal period under review, the Board of Directors resolved at its meetings held on March 28, 2023 and April 3, 2023 to issue new

investment units (35,200 units by public offering and 2,454 units by third-party allotment). Through this issuance of new investment units, the Company raised approximately JPY 18,224 million on April 7, 2023 through the public offering and approximately JPY 1,270 million on May 1, 2023 through the third-party allotment.

The funds raised through the public offering and the third-party allotment were used to partially repay a short-term loan, which is the refinancing of a short-term loan of JPY 29,000 million taken out for the acquisition of the ARGYLE aoyama and Toyosu Foresia.

In addition, a short-term loan of JPY 17,500 million was borrowed to partially fund the acquisition of Forecast Sakaisujihonmachi. The Company also borrowed funds for the purpose of repaying existing loans.

As a result of the above financing activities, as of September 30, 2023, the Company's total interest-bearing debt was JPY 450,193 million, down JPY 10,300 million from the end of the previous fiscal period. This amount consists of long-term loans totaling JPY 364,200 million (including the current portion of long-term loans totaling JPY 42,300 million), short-term loans totaling JPY 43,000 million, and investment corporation bonds totaling JPY 42,993 million (including the current portion of investment corporation bonds totaling JPY 10,000 million). The current LTV ratio stands at 42.6%.

The Company's credit ratings as of September 30, 2023 were as follows:

Rating Agency	Credit Rating
Japan Credit Rating Agency, Ltd.	Long-term: AA+; Outlook: Stable
Rating and Investment Information, Inc.	Rating: AA; Outlook: Stable
S&P Global Ratings Japan Inc.	Long-term: A+; Short-term: A-1; Outlook: Stable

Outlook

Operating Environment

The Japanese economy is expected to recover on the back of a likely improvement in domestic demand as activities in society and the economy continue to normalize. On the other hand, the Company will keep a closer eye on developments in monetary policy and interest rates, especially after the Bank of Japan adopted greater flexibility in its yield curve control policy in July, while the impact of fluctuations in financial and capital markets, in Japan and overseas, will bear watching.

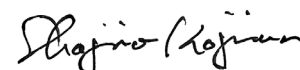

In the office leasing market, while there is currently brisk demand for leases following the downgrading of COVID-19 to a Class 5 disease, the impact of a massive supply of new office space in central Tokyo expected to hit the market in the near future warrants caution. Tenants are becoming more selective about office space because the way people work is changing, and as such, the Company is aiming to secure stable earnings over the medium- to long-term and maintain and enhance the value of its assets by carrying out strategic repairs and renovations and investing in ESG.

In the real estate trading market, the Company will continue to proactively search for new properties with a key focus on collaboration with its sponsor in order to more strategically reshuffle its portfolio while paying close attention to future market trends brought about by changes in social conditions.

Performance Forecasts for the March 2024 and September 2024 Periods

The Company's forecasts for the March 2024 period (October 1, 2023 to March 31, 2024) are as follows: operating revenues totaling JPY 41,300 million, operating profit totaling JPY 19,530 million, ordinary profit totaling JPY 18,500 million, and profit totaling JPY 17,850 million. The Company plans to declare a per-unit cash dividend of JPY 11,700.

The Company's forecasts for the September 2024 period (April 1, 2024 to September 30, 2024) are as follows: operating revenues totaling JPY 34,980 million, operating profit totaling JPY 14,280 million, ordinary profit totaling JPY 13,180 million, and profit totaling JPY 14,170 million. The Company plans to declare a per-unit cash dividend of JPY 11,300.

Note: Operating revenues, operating profit, ordinary profit, profit, and cash dividend per unit might vary depending on changes that could occur in the market situation.

Approach to ESG

Sustainability Policy

Japan Real Estate Asset Management Co., Ltd. (JRE-AM), which manages the Company's assets, believes that asset management focused on ESG is essential to the sustainable improvement of asset value.

Sustainability Management Department is driving the Company's ESG initiatives in accordance with its Sustainability Policy. Such initiatives include the enhancement of the disclosure of the Company's ESG-related information, the acquisition of environmental certifications and evaluations from external organizations, participation in international initiatives, and other efforts.

We disclose ESG-related information on our company website in a timely manner.

WEB

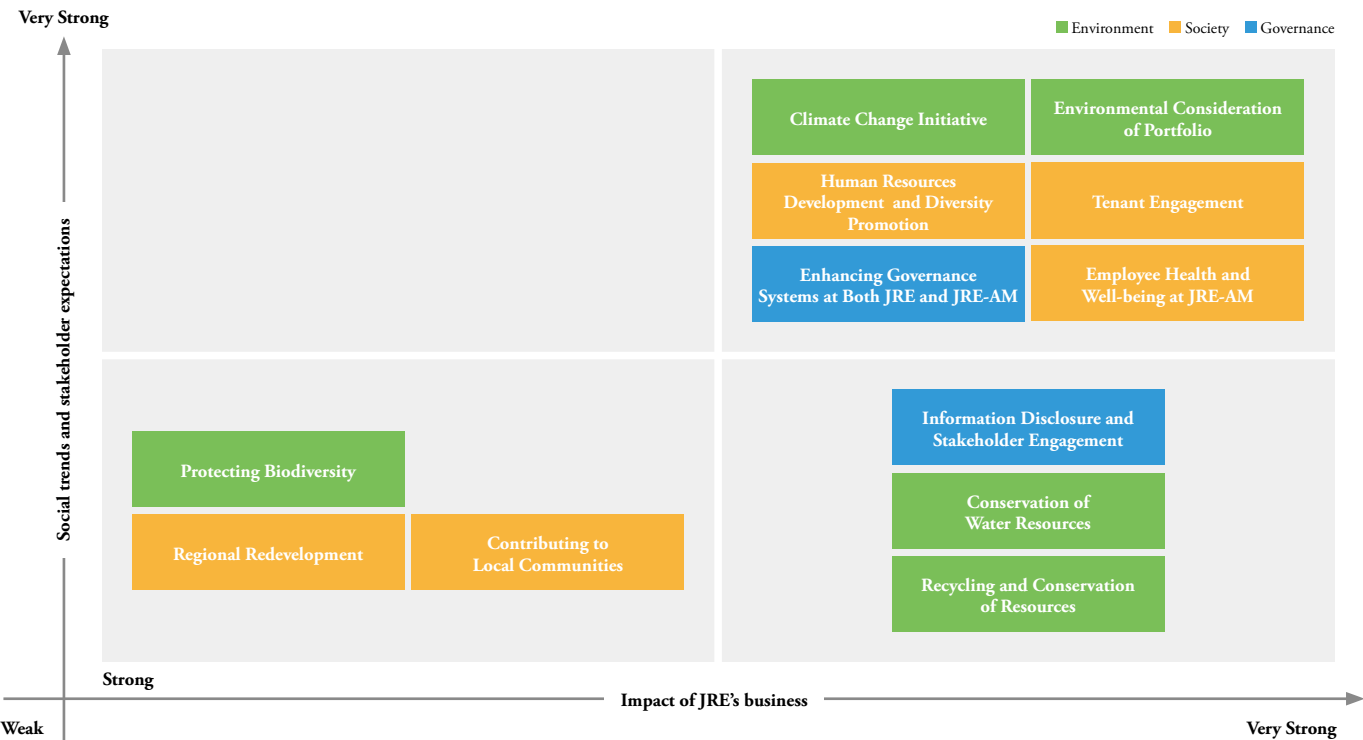

We refer to GRI (Global Reporting Initiative) standards and the SASB (Sustainability Accounting Standards Board) Real Estate Standard for the disclosure of a wide range of ESG information on our website.

Please refer to our ESG website for further information. https://jre-esg.com/en/esg/information.html	GRI STANDARDS Content Index https://jre-esg.com/en/pdf/en-esg_gri.pdf	SASB Framework https://jre-esg.com/en/pdf/sustainability_report2023.pdf#page=25
---	--	---

Sustainability Policy	
1	Climate change initiative (promoting decarbonization and strengthening resilience)
2	Contribution to resource conservation including water and resource recycling
3	Contribution to conserving biodiversity and ecosystem
4	Enhancement of tenants' health and well-being, and safety
5	Creating a workplace where a diverse workforce can thrive
6	Enhancement of governance systems
7	Stakeholder engagement through information disclosure and ESG evaluations

Materiality

Based on the Sustainability Policy, JRE and JRE-AM have determined materiality in order to achieve a sustainable society under our corporate social responsibility, recognizing the importance of consideration for ESG. We will annually disclose the progress of KPIs linked to each objective and work towards contributing to the Sustainable Development Goals (SDGs) as well as achieving medium- to long-term growth of JRE through our responses to materiality.

Society

For Tenants and Partners

Sustainability Guide to Promote Owner and Tenant Collaboration

JRE has created a Sustainability Guide and distributed it to its tenants, aiming to promote close collaboration with them. This Sustainability Guide introduces activities that we can do in the office, mainly from the viewpoints of the "environment" and "tenant well-being."

We will team up with our tenants and endeavor to co-create a sustainable society with them.

Raising ESG Awareness of Our Stakeholders

JRE offers ESG seminars for our business partners, master lessees, and property managers, among others, for the purpose of raising stakeholder awareness. We invite ESG experts from outside the Company to cover global ESG trends and discuss specialized fields such as GRESB and ZEB.

We believe that raising sustainability awareness not only within JRE, but among all our stakeholders, will benefit sustainability efforts at each asset level.

For Communities

Urban Revitalization / Urban Redevelopment Project

GRAND FRONT OSAKA, which JRE acquired in October 2021, has built a “Knowledge Capital” where knowledge is created. “Knowledge Office Space,” consisting of knowledge work space (for researchers, creators, business owners) and educational functions and “Future Life Showroom” exhibiting new life-style delivered by the fusion of advanced technologies and sensibilities are represented. The “Knowledge Plaza” located at the center of the North Wing is a symbol of the “town.” Events and presentations linked to the Knowledge Capital are held here, bringing even more life and vitality to exchanges between people in the city.

Furthermore, as a general incorporated association, “Grand Front Osaka TMO” was established to operate the Grand Front Osaka integrated town, a participatory type of “town” development promoted to grow the “town” along with its residents, workers and visitors, to bring bustle and vitality back to a place people will want to come to every day.

Supporting Cultural and Artistic Activities

Tokyo Opera City has two museums, six theatres/halls, and an art gallery. It includes a concert hall with a wooden interior and one of the world's best acoustic systems as well as the New National Theatre, where operas, plays, modern dances, dramas, and other contemporary performing arts are performed for the public.

We support the Tokyo Opera City Cultural Foundation, which plans and organizes the musical performances and art exhibitions that take place at the Concert Hall, the Recital Hall, and the Art Gallery of Tokyo Opera City.

For Employees

Learning and Development for All Employees

Based on the idea that all employees should be professionals with a high degree

of specialization, JRE-AM encourages all our employees, i.e., permanent employees, contract employees, and seconded employees, to participate in a variety of training programs.

Examples of training programs by external lecturers in FY2022 (23 programs were conducted in total):

- | | |
|--------|---|
| CASE 1 | Compliance training for those engaged in investment management business (June 2022, January 2023) |
| CASE 2 | Internal Audit Training (June 2022) |
| CASE 3 | Anti-Money Laundering Training (July 2022) |
| CASE 4 | Sustainability Training (December 2022 and January 2023) |
| CASE 5 | DEI (Diversity, Equity & Inclusion) Training (February 2023) |

Support and Incentives for Career Enrichment, Qualifications, and Licenses

For all of its employees, JRE-AM subsidizes the expenses of various training programs or sessions such as fund management, logical thinking skills, financial accounting, organizational management, coaching, compliance, and more. In addition, JRE-AM also subsidizes the expenses of obtaining qualifications and licenses such as ARES Certified Master, Certified Building Administrator, Real Estate Transaction Agent, among others.

Introduction of iKasa Umbrella Sharing Service

Along with participating in the “Zero Disposable Umbrellas by 2030 Project for Buildings,” which is led by iKasa—an umbrella sharing service—and aims to reduce the number of umbrellas used only once then discarded at office buildings, JRE-AM is working to reduce waste generated from office buildings and enhance convenience for employees by introducing iKasa at JRE-AM office.

Press conference for the project on June 8, 2023

Governance

Our basic policy as an investment corporation and asset management company is not only to comply with laws and regulations, but to meet social demands as well. Taking care to have each employee perform his or her duties with high ethical standards and strict self-discipline raises our reputation among investors and garners the trust of the greater society.

Basic Principle of Compliance for the Investment Corporation (JRE)

JRE's basic principle of compliance is to thoroughly observe legal and other relevant norms in regard to the business operation as well as to respond to the requirements from society. This means that the investment corporation administers and oversees the outsourcing companies from the same standpoint, while complying with legal and other relevant norms in its decision-making.

Basic Principle of Compliance for the Asset Management Company (JRE-AM)

Basic Principle

- 1 Ensuring thorough compliance is one of its top priority issues, since JRE-AM understands that any insufficiency in compliance would affect even its management base.
- 2 As an asset management company, JRE-AM recognizes that it bears the responsibility for realizing the values that are required by society in its business operation, and makes proactive and continuous efforts for full compliance to enhance the value of its business operation both qualitatively and quantitatively.
- 3 JRE-AM is determined to achieve a reputation for quality among its investors by promoting compliance activities, and thereby gains the trust of a wide spectrum of society.

Asset Size, Property Acquisitions, and Performance Trends

Occupancy rate (%)

94.6 92.4 93.2 94.6 94.7 95.5 96.7 96.3 96.7 97.8 97.8 97.7 98.3 98.7

In September 2001, the Company became the first J-REIT in Japan listed on the Tokyo Stock Exchange. Since then, the Company has targeted stable management to fulfill its goal of maintaining or increasing dividend per unit over the medium- to long-term. The Company's growth is based on external growth strategies that aim to increase earnings through the acquisition and transfer of properties, as well as internal growth strategies that seek to optimize earnings from properties already held. The size of the Company's assets (total acquisition price) has grown from JPY 92.8 billion at IPO to JPY 1.13 trillion as of the period ended September 30, 2023 due to the steady achievement of external growth strategies. However, in terms of internal growth strategies, ongoing efforts are being made in such areas as maintaining stable occupancy rates and reducing building management costs.

Notes: 1. Dividend payout ratio = Dividend per unit / Profit per unit × 100

For the September 2023 period, calculations are made using the following formula, as new investment units were issued.

Dividend payout ratio = Cash distribution / Profit × 100

2. ROA = Ordinary profit / Average of Total assets during the period × 100

3. ROE = Profit / Average of Net assets during the period × 100

The number of days for the asset management period is taken into consideration for net assets, as new investment units were issued in the September 2023 period.

(Annualized portion of the calculation given in Note 2 and Note 3 assumes a fiscal period of 183 days for the period ended September 30, 2021, 182 days for the period ended March 31, 2022, 183 days for the period ended September 30, 2022, 182 days for the period ended March 31, 2023 and 183 days for the period ended September 30, 2023.)

4. EOP equity ratio = (Net assets at the end of period / Total assets at the end of period) × 100

5. EOP interest-bearing debt ratio on total assets = (Interest-bearing debt at the end of period / Total assets at the end of period) × 100

6. Debt service coverage ratio = Profit before Interest, Taxes, Depreciation and Amortization / Interest expenses

I Retained earnings	16,198,315,107	17,112,180,899
II Cash distribution	16,161,245,070	17,074,368,000
(Dividend per investment unit)	(11,667)	(12,000)
III Retained earnings brought forward	37,070,037	37,812,899

Computation Method for Determining Dividends

The Company will make cash distributions using earnings based on the cash distribution policy outlined in Article 32-1(2) of the Company's Articles of Incorporation, in an amount that exceeds 90% of the "amount of distributable profit" as set forth in Article 67-15 of the Special Taxation Measures Act. Based on this policy, the Company has decided that the total amount of dividends, which is set not to exceed the unappropriated retained earnings and also to secure retained earnings brought forward, is ¥16,161,245,070 for the period, which is a multiple of 1,385,210 — the number of units outstanding as of March 31, 2023. Furthermore, the Company does not pay out dividends that exceed earnings as outlined in Article 32-1(3) of the Company's Articles of Incorporation.

The Company will make cash distributions using earnings based on the cash distribution policy outlined in Article 32-1(2) of the Company's Articles of Incorporation, in an amount that exceeds 90% of the "amount of distributable profit" as set forth in Article 67-15 of the Special Taxation Measures Act. Based on this policy, the Company has decided that the total amount of dividends, which is set not to exceed the unappropriated retained earnings and also to secure retained earnings brought forward, is ¥17,074,368,000 for the period, which is a multiple of 1,422,864 — the number of units outstanding as of September 30, 2023. Furthermore, the Company does not pay out dividends that exceed earnings as outlined in Article 32-1(3) of the Company's Articles of Incorporation.

Notes to Financial Statements

March 31, 2023 and September 30, 2023

1. Organization and Basis of Presentation

Organization

Japan Real Estate Investment Corporation (the “Company”) is a real estate investment corporation formed to own and invest primarily in a portfolio of office properties. The Company is externally managed by a licensed asset management company, Japan Real Estate Asset Management Co., Ltd. (“JRE-AM”). JRE-AM is a wholly-owned subsidiary of Mitsubishi Estate Co., Ltd. (“MEC”).

On May 11, 2001, the Company was incorporated with ¥200 million of original capital contribution by MEC, Tokio Marine & Nichido Fire Insurance Co., Ltd. and The Dai-ichi Life Insurance Company, Limited under the ITA.

On September 10, 2001, the Company commenced operations when the Company was listed on the Tokyo Stock Exchange as one of the first real estate investment corporations in Japan (“J-REITs”). The Company issued 160,000 units at a price of ¥506,625 per unit, generating gross proceeds of ¥81,060 million.

The Company completed the 13th public offering of 35,200 units at a price of ¥517,750 per unit on April 7, 2023 and third-party allocation of 2,454 units at a price of ¥517,750 per unit on May 1, 2023, generating gross proceeds of ¥18,224 million and ¥1,270 million, respectively. As of September 30, 2023, the Company had unitholders’ capital of ¥516,736 million with 1,422,864 units outstanding.

As of September 30, 2023, the Company owned a portfolio of 77 office properties with an aggregate of approximately 888,354 m² of leasable space.

Basis of presenting financial statements

The Company maintains its accounting records and prepares its financial statements in accordance with accounting principles generally accepted in Japan (“Japanese GAAP”), including provisions set forth in the ITA, the Japanese Financial Instruments and Exchange Law and related regulations, which are different in certain respects as to the application and disclosure requirements of International Financial Reporting Standards (“IFRS”).

The accompanying financial statements are a translation of the audited financial statements of the Company, which were prepared in accordance with Japanese GAAP and were presented in the Securities Report of the Company filed with the Kanto Local Finance Bureau. In preparing the accompanying financial statements, certain reclassifications and modifications have been made to the financial statements issued domestically in order to present them in a format that is more familiar to readers outside Japan. In addition, the notes to financial statements include information that might not be required under Japanese GAAP but is presented herein as additional information.

As permitted under the Japanese Financial Instruments and Exchange Law, amounts of less than one million yen have been omitted. As a result, the totals shown in the accompanying financial statements do not necessarily agree with the sum of the individual amounts.

2. Summary of Significant Accounting Policies

Investment securities

Non-marketable securities, which have no market prices, classified as other securities are carried at cost. Cost of securities sold is determined by the moving average method.

Property and equipment, depreciation and impairment (except for leased assets)

Property and equipment is stated at cost, less accumulated depreciation. The cost of land, buildings and building improvements includes the purchase price of property and acquisition costs. Depreciation is calculated on a straight-line basis over the estimated useful lives of the assets ranging as stated below:

Buildings	2 – 61 years
Structures	2 – 75 years
Machinery and equipment	2 – 18 years
Tools, furniture and fixtures	2 – 29 years

Expenditures for repairing expenses are charged to income as incurred. Significant renewals and betterments are capitalized.

The Company reviews fixed assets for impairment whenever events or changes in circumstances indicate that the carrying amount of its fixed assets may not be recoverable. According to the standard set by the Accounting Standards Board of Japan (“ASBJ”), companies are required to recognize an impairment loss in their statements of income if certain indicators of asset impairment exist and the book value of an asset exceeds the undiscounted sum of future cash flows of the asset. The standard states that impairment losses should be measured as the excess of the book value over the higher of (i) the fair market value of the asset, net of disposition costs, and (ii) the present value of future cash flows arising from ongoing utilization of the asset and from disposal after asset use. The standard covers land, factories, buildings and other forms of property, plant and equipment as well as intangible assets. Fixed assets are grouped at the lowest level for which there is identifiable cash flows that are independent of cash flows of other groups of assets.

Intangible assets

Intangible assets primarily consist of leasehold rights and easement, which are stated at cost. Amortization of a term leasehold interest for business use is calculated by the straight-line method based on the period of agreement.

Leased assets

Leased assets under finance lease transactions that do not transfer ownership of the leased assets to the lessees are capitalized and depreciated by the straight-line method over the lease term with no residual value.

Deferred charges

Investment corporation bond issuance costs are amortized using the straight-line method over the redemption periods.

Investment unit issuance expenses are charged to income as incurred. The underwriters’ economic remunerations for underwriting the offering are not recognized as investment unit issuance expenses in the financial statements since such costs are not paid by the Company as commission under the so-called “spread-method.”

Under the spread-method, the difference between the offer price (the price paid by the unitholder) and the issue price (the price received by the Company) is retained by the underwriters as remuneration.

Revenue recognition

The content of main performance obligations related to revenue arising from contracts with customers of the Company and the normal timing for satisfying such performance obligations (the normal timing for recognizing revenue) are as follows:

(i) Sales of real estate properties

The Company recognizes revenue from the sale of real estate properties when the purchaser, as the customer, obtains control of the real estate property by fulfilling the delivery obligations stipulated in the contract for the sale of real estate property.

(ii) Utilities income

The Company recognizes utilities income based on the supply of electricity, water, etc. to the lessee as the customer, in accordance with the terms of the real estate lease contract and related agreements. Of utilities income, in the case that the Company determines it is an agent for utilities income, the utilities income is recognized as income at the net amount received as charges for electricity, gas, etc. supplied by other parties, less the amount paid to such other parties.

Taxes on property and equipment

Property and equipment is subject to property taxes and city planning taxes on a calendar year basis. These taxes are generally charged to income during the period. The sellers of the properties are liable for property taxes for the calendar year including the period from the date of purchase by the Company through the end of the year since the taxes are imposed on the owner registered on the record as of January 1 based on the assessment made by the local government. The Company pays the amount equivalent to the property taxes to the sellers applicable to the period since acquisition and includes the amount equivalent to the taxes in the purchase price of each property and capitalizes it as a cost of the property.

Cash and cash equivalents

Cash and cash equivalents consist of cash on hand, deposits with banks, and short-term investments, which are highly liquid, readily convertible to cash and with insignificant risk of price fluctuation, with original maturity of three months or less.

Hedge accounting

The Company enters into derivative transactions to hedge against interest-rate risk and other forms of risk based on the risk management policies outlined in the Company's Articles of Incorporation. The Company uses interest-rate swap transactions for hedging fluctuations in interest rates on floating-rate loans. The Company has also executed currency swap transactions as a method of hedging against currency exchange fluctuation risks. Deferred hedge accounting is generally used for such interest-rate swaps and currency swap transactions, and the effectiveness of hedging is measured by comparing the total cash flow fluctuation of the hedged item and that of the hedging instrument since the inception of the hedge.

For interest-rate swaps and currency swaps that qualify for hedge accounting and meet certain criteria provided under Japanese GAAP, however, the Company applies special accounting treatment. Under such special accounting treatment, the differentials paid or received under the swap agreements are recognized and included in interest expense of the hedged loans, and the interest-rate swaps and currency swaps are not required to be separately valued. For interest-rate swaps and currency swaps that meet the specific criteria for such special accounting treatment, ongoing assessments of hedge effectiveness are not required and hence not performed.

3. Commitment Line Agreement

As of March 31, 2023 and September 30, 2023

The Company has signed commitment line agreements with three banks.

	Thousands of yen	
	As of March 31, 2023	As of September 30, 2023
Total amount of commitment line agreement	60,000,000	60,000,000
Debt financing balance	—	—
Balance	60,000,000	60,000,000

4. Reserve for Tax Purpose Reduction Entry

As of March 31, 2023 and September 30, 2023

	Thousands of yen	
	As of March 31, 2023	As of September 30, 2023
Reserve for tax purpose reduction entry	4,553,749	4,553,749
Deferred tax liability for the reserve for tax purpose reduction entry	2,408,105	2,408,105
Total	6,961,855	6,961,855

Note: Reduction entry is made based on the reserve method, where the requirements of the tax law are met, and deferred tax liability is recorded in the liabilities section for the future taxable temporary difference related to the amount of the reserve for reduction entry, and the net amount after deducting the deferred tax liability is recorded in the net assets section as the reserve for tax purpose reduction entry. This deferred tax liability is recorded (or reversed) as a counterpart account of income taxes-deferred in the statements of income.

5. Financial Instruments

1. Status of financial instruments

(1) Policies for dealing with financial instruments

Concerning the financing of property acquisitions, the Company shall use several funding sources including bank loans, the issuance of investment corporation bonds and the issuance of investment units. When executing such financing activities, the Company endeavors to retain the ability to secure stable and low-cost financing by maintaining high credit ratings and thereby limiting the financial covenants that may restrict the financial flexibility of the Company. To achieve these goals, the Company intends to further develop and reinforce the confidence of debt holders and rating agencies in the Company by bolstering the capital base and controlling the loan-to-value ratio (“LTV”) at an adequate level.

In order to hedge against future interest-rate fluctuations, the Company may enter into derivative transactions, which shall be executed solely for the purpose of hedging against interest-rate fluctuation and other risks, and not for speculative purposes.

With respect to management of excess funds, as a matter of policy the Company uses time deposits as its main vehicle, while securities and monetary claims are also eligible for such investment.

(2) Characteristics and risk profile of each financial instrument and risk management system

The Company regularly re-evaluates the appropriateness and effectiveness of its risk management system in order to improve on it. The characteristics and risk profile of financial instruments and the system in place to manage such risks are as follows:

The deposits, which are typically large time deposits used to manage excess funds, are exposed to the credit risk of the deposit-taking financial institutions. The Company manages credit risk by restricting the tenor of the deposit to relatively short periods and setting a minimum credit rating requirement for the deposit-taking financial institutions.

The funding proceeds from borrowings and issues of investment corporation bonds are applied mainly to acquire real estate properties and repay outstanding loans and bonds. While floating-rate short-term and long-term loans are exposed to the risk of interest-rate hikes, such risk is mitigated by the Company’s low LTV and relatively high percentage of long-term fixed-rate debts within the total borrowing. The Company may also exercise hedging by means of derivative transactions (interest-rate swap transactions) in order to mitigate the risk of fluctuation concerning the floating-rate long-term loans, thereby effectively stabilizing the overall interest rates on the loans. Foreign currency-denominated loans are also exposed to currency exchange and interest-rate fluctuation risk. However, the Company uses derivative transactions as a method of hedging against these risks (interest-rate and currency swap transactions). Foreign currency investment corporation bonds are also exposed to currency exchange risk. However, the Company uses derivative transactions as a method of hedging against the risks (currency swap transactions). For more detailed information on the hedge accounting method, please refer to Section 2. “Summary of Significant Accounting Policies: Hedge accounting.”

Loans and investment corporation bonds involve liquidity risk at the time of maturity. To manage such liquidity risk, the Company implements measures such as (i) maintaining and strengthening its ability to access equity markets to secure funds, (ii) maintaining commitment lines with major financial institutions (There is no amount outstanding under the facility as of March 31, 2023 and September 30, 2023) and (iii) preparing monthly financial plans.

(3) Supplementary note regarding fair value of financial instruments

Since the fair value of financial instruments is calculated based on certain assumptions, the fair value could differ depending on the assumptions used. In addition, the contract value of derivative transactions, which is presented in Section 6. “Derivative Transactions,” is not an exact representation of market risk attributable to derivative transactions.

2. Fair value of financial instruments

Fair value of financial instruments, their values carried on the balance sheets and the differences between them as of March 31, 2023 and September 30, 2023 are as follows. Since “Cash and deposits,” “Cash and deposits in trust,” and “Short-term borrowings” are cash and due to be settled in a short period, and their fair values approximate their book values, the notes are omitted.

	Thousands of yen		
	As of March 31, 2023		
	Book value	Fair value	Difference
(1) Current portion of investment corporation bonds	10,000,000	9,993,600	(6,400)
(2) Current portion of long-term borrowings	39,500,000	39,528,745	28,745
(3) Investment corporation bonds	32,993,175	33,497,882	504,707
(4) Long-term borrowings	325,700,000	323,299,927	(2,400,072)
(5) Deposits received from tenants	57,305,180	55,962,507	(1,342,673)
(6) Derivative transactions	—	—	—

	Thousands of yen		
	As of September 30, 2023		
	Book value	Fair value	Difference
(1) Current portion of investment corporation bonds	10,000,000	9,999,200	(800)
(2) Current portion of long-term borrowings	42,300,000	42,348,471	48,471
(3) Investment corporation bonds	32,993,175	33,253,995	260,820
(4) Long-term borrowings	321,900,000	315,204,422	(6,695,577)
(5) Deposits received from tenants	55,656,092	53,648,467	(2,007,625)
(6) Derivative transactions	—	—	—

Notes: 1. Measurement of fair value of financial instruments and matters concerning derivative transactions

- (1) Current portion of investment corporation bonds and (3) Investment corporation bonds

Their fair values are based on reference prices published by a financial data provider where available. When reference prices are not available, their fair values are calculated by discounting the aggregate of the principal and interest by nominal rates assumed applicable if the loans were refinanced for the duration of the current maturity. (However, the fair values of investment corporation bonds (please refer to Section 6. “Derivative Transactions, (2) Derivatives designated as hedging instruments”) hedged by a currency swap subject to allocation treatment are calculated by discounting the aggregate of the principal and interest integrated with the currency swap by nominal rates assumed applicable if the loans were refinanced for the duration of the current maturity.)

- (2) Current portion of long-term borrowings and (4) Long-term borrowings

For loans with floating interest rates, since the interest rates on such loans reflect market rates reasonably well over the short term and their book values are good approximations of their fair values, the book values are presented as their fair values. (However, the fair values of floating-rate long-term loans (please refer to Section 6. “Derivative Transactions, (2) Derivatives designated as hedging instruments”) hedged by an interest-rate and currency swap subject to integrated treatment or by an interest-rate swap subject to special accounting treatment are calculated by discounting the aggregated principal and interest on such loans using reasonable estimates of the rates that would be applicable if the Company were to refinance the existing loans for the remaining period to maturity under the prevailing market condition.) The fair values of long-term loans with fixed interest rates are calculated by discounting the aggregated amounts of the principal and the interest of the loans by the rates that are reasonably estimated to be applicable if the Company were to refinance the existing loans for the remaining period to maturity.

- (5) Deposits received from tenants

These fair values of these deposits are the discounted present values by estimated periods until the deposits are returned and discount rates reflected credit risks of the Company.

- (6) Derivative transactions

Please refer to Section 6. “Derivative Transactions.”

2. Repayment schedule for investment corporation bonds, long-term borrowings and other interest-bearing debt after the closing date

	Thousands of yen					
	As of March 31, 2023					
	1 year or less	1 to 2 years	2 to 3 years	3 to 4 years	4 to 5 years	Over 5 years

Long-term borrowings	39,500,000	54,800,000	52,500,000	28,700,000	23,500,000	166,200,000
Total	49,500,000	54,800,000	72,500,000	38,700,000	26,493,175	166,200,000

	Thousands of yen					
	As of September 30, 2023					
	1 year or less	1 to 2 years	2 to 3 years	3 to 4 years	4 to 5 years	Over 5 years
Investment corporation bonds	10,000,000	10,000,000	10,000,000	10,000,000	2,993,175	—
Long-term borrowings	42,300,000	57,000,000	36,700,000	24,000,000	18,000,000	186,200,000
Total	52,300,000	67,000,000	46,700,000	34,000,000	20,993,175	186,200,000

6. Derivative Transactions

(1) Derivatives not designated as hedging instruments

As of March 31, 2023

“Not applicable”

As of September 30, 2023

“Not applicable”

(2) Derivatives designated as hedging instruments

As of March 31, 2023

The contract amount or the equivalent principal amount set out in the contract as of the closing date for each derivative designated as a hedging instrument is as follows:

Derivative accounting method	Type of derivative transaction	Hedged item	Contract value		Fair value	Measurement of fair value
				Over one year		
Special Treatment for interest-rate swap	Receive floating, pay fixed interest-rate swap transactions	Long-term borrowings	9,800,000	6,800,000	*1	—
Integrated Treatment (Special Treatment and Allocation Treatment) for interest-rate and currency swap	Receive floating USD, pay fixed JPY, interest-rate and currency swap transactions (with initial and final exchange)	Long-term borrowings	10,000,000	—	*1	—
Allocation Treatment for currency swap	Receive fixed USD, pay fixed JPY, currency swap transactions (with initial and final exchange)	Investment corporation bonds	2,993,175	2,993,175	*2	—

Thousands of yen

As of September 30, 2023

The contract amount or the equivalent principal amount set out in the contract as of the closing date for each derivative designated as a hedging instrument is as follows:

Derivative accounting method	Type of derivative transaction	Hedged item	Contract value		Fair value	Measurement of fair value
				Over one year		
Special Treatment for interest-rate swap	Receive floating, pay fixed interest-rate swap transactions	Long-term borrowings	6,800,000	3,000,000	*1	—
Integrated Treatment (Special Treatment and Allocation Treatment) for interest-rate and currency swap	Receive floating USD, pay fixed JPY, interest-rate and currency swap transactions (with initial and final exchange)	Long-term borrowings	10,000,000	—	*1	—
Allocation Treatment for currency swap	Receive fixed USD, pay fixed JPY, currency swap transactions (with initial and final exchange)	Investment corporation bonds	2,993,175	2,993,175	*2	—

Thousands of yen

*1. The derivative transactions eligible for Special Treatment for interest-rate swap and Integrated Treatment (Special Treatment for interest-rate swap and Allocation Treatment for currency swap) are accounted for as integral parts of the hedged loans, and the fair value of those derivative transactions is included in that of the underlying long-term borrowings as of March 31, 2023 and September 30, 2023. Please refer to Note 1 of “2. Fair value of financial instruments” under Section 5. “Financial Instruments,” as well as subheadings (2) and (4) concerning derivative transactions.

*2. Currency swap transactions eligible for allocation treatment are accounted for as integrated parts of the hedged investment corporation bonds, and the fair value of the currency swap transactions is included in that of the underlying investment bonds as of March 31, 2023 and September 30, 2023. Please refer to Note 1 of “2. Fair value of financial instruments” under Section 5. “Financial Instruments,” as well as subheading (3) concerning derivative transactions.

7. Property, Plant and Equipment and Intangible Assets

Changes in property, plant and equipment and intangible assets for the six months ended September 30, 2023 are as follows:

Thousands of yen									
Type of Asset		Balance at beginning of the period	Increase during the period	Decrease during the period	Balance at end of the period	Accumulated depreciation		Net balance at end of the period	Remarks
						Accumulated amortization	Depreciation and amortization		
Property, plant and equipment	Buildings	240,356,796	5,574,194	—	245,930,990	117,217,758	3,523,198	128,713,232	—

Total			417,500,000	407,200,000					

- *1. The average for floating interest rates is recorded as the weighted average during the period. The average is rounded off to the fifth decimal place. The weighted average for interest rates of loans for which floating interest rates were swapped to fixed rates in order to hedge the risk of interest rate fluctuations is calculated taking the effect of this swap into consideration.
- *2. The purposes of executing these loans are to purchase real properties or beneficiary right of real estate in trust, to repay existing loans, and to fund the redemption of investment corporation bonds.
- *3. As of February 20, 2023, MUFG Bank, Ltd. transferred its loan receivable of ¥5,900 million to Mitsubishi UFJ Trust and Banking Corporation.
- *4. As of May 18, 2023, MUFG Bank, Ltd. transferred its loan receivable of ¥10,200 million to Mitsubishi UFJ Trust and Banking Corporation.
- *5. As of August 18, 2023, MUFG Bank, Ltd. transferred its loan receivable of ¥10,300 million to Mitsubishi UFJ Trust and Banking Corporation.
- *6. The Company made repayments (¥23,200 million, ¥2,300 million and ¥2,000 million) before maturity on April 7, May 8 and June 7, 2023.
- *7. The Company made a repayment (¥2,000 million) before maturity on September 29, 2023.
- *8. The Company made a full repayment (¥3,000 million) before maturity on June 29, 2023.
- *9. These are floating rate borrowings which are not swapped into fixed rates.
- *10. The loan was based on floating rate (Base rate (Risk free rate (TONA) compounded in arrears over rate observation period (1 month) according to the lookback method + spread adjustment (-0.02923%)) + 0.09%).
- *11. In order to hedge the risk of exchange rate and interest rate fluctuations related to foreign currency-denominated loans, the Company conducted an interest-rate and currency swap transaction, which substantially secured exchange and interest rates. Accordingly, the balance and the weighted average for interest rates during the period are calculated taking the effect of this interest-rate and currency swap into consideration.
- *12. At the end of the period, these loans are accounted for under current liabilities on the balance sheets as the current portion of long-term borrowings.
- *13. The loan was based on floating rate (Base rate (Risk free rate (TONA) compounded in arrears over rate observation period (3 months) according to the lookback method + spread adjustment (0.00835%)) + 0.09%).
- *14. The applicable interest rate will be lowered by 0.01% from the original rate of 0.2475% for a corresponding period pursuant to the loan agreement on the condition that the target set for CO₂ emissions reduction is achieved. Since the target was achieved at the time of confirmation at the end of September 2023, the interest rate for the period until the next confirmation was 0.2375%.
- *15. The applicable interest rate will be lowered by 0.01% from the original rate of 0.35625% for a corresponding period pursuant to the loan agreement on the condition that either one of the targets set for CO₂ emissions reduction or the number of ZEB-certified buildings the Company owns, respectively, is achieved. Since the target was achieved at the time of confirmation at the end of July 2021, the interest rate for the period until the next confirmation was 0.34625%.
- *16. The applicable interest rate will be lowered by 0.01% from the original rate of 0.405% for a corresponding period pursuant to the loan agreement on the condition that either one of the targets set for CO₂ emissions reduction or the number of ZEB-certified buildings the Company owns, respectively, is achieved. Since the target was achieved at the time of confirmation on May 16, 2022, the interest rate for the period until the next confirmation was 0.395%.
- *17. The applicable interest rate will be lowered by 0.01% from the original rate of 0.3775% for a corresponding period pursuant to the loan agreement on the condition that either one of the targets set for CO₂ emissions reduction or the number of ZEB-certified buildings the Company owns, respectively, is achieved. Since the target was achieved at the time of confirmation at the end of July 2021, the interest rate for the period until the next confirmation was 0.3675%.
- *18. The applicable interest rate will be lowered by 0.01% from the original rate of 0.61625% for a corresponding period pursuant to the loan agreement on the condition that either one of the targets set for CO₂ emissions reduction or the number of ZEB-certified buildings the Company owns, respectively, is achieved. Since the target was achieved at the time of confirmation on December 19, 2022, the interest rate for the period until the next confirmation was 0.60625%.
- *19. The applicable interest rate will be lowered by 0.01% from the original rate of 0.81875% for a corresponding period pursuant to the loan agreement on the condition that either one of the targets set for CO₂ emissions reduction or the number of ZEB-certified buildings the Company owns, respectively, is achieved. Since the target was achieved at the time of confirmation on September 16, 2023, the interest rate for the period until the next confirmation was 0.80875%.
- *20. The applicable interest rate will be lowered by 0.01% from the original rate of 0.73375% for a corresponding period pursuant to the loan agreement on the condition that either one of the targets set for CO₂ emissions reduction or the number of ZEB-certified buildings the Company owns, respectively, is achieved. Since the target was achieved at the time of confirmation on September 28, 2023, the interest rate for the period until the next confirmation was 0.72375%.
- *21. The applicable interest rate will be lowered by 0.01% from the original rate of 0.7187% for a corresponding period pursuant to the loan agreement on the condition that the target set for CO₂ emissions reduction is achieved. Since the target was achieved at the time of confirmation at the end of September 2023, the interest rate for the period until the next confirmation was 0.7087%.

9. Investment Corporation Bonds including Current Portion of Investment Corporation Bonds

Outstanding investment corporation bonds as of September 30, 2023 are as follows:

Securities	Date of issue	Balance at beginning of current period (¥ thousand)	Balance at end of current period (¥ thousand)	Interest rate (%)	Repayment period	Repayment method	Use of proceeds	Notes
4th unsecured investment corporation bond	September 29, 2005	10,000,000	10,000,000	2.56	September 29, 2025	Bullet	*1	*2
10th unsecured investment corporation bond	March 30, 2017	10,000,000	10,000,000	0.3975	March 30, 2027	Bullet	*1	*2 *3
11th unsecured investment corporation bond	October 26, 2017	2,993,175	2,993,175	0.2788	October 26, 2027	Bullet	*1	*2 *3 *4
12th unsecured investment corporation bond (Japan Real Estate Investment Green Bonds)	November 1, 2018	10,000,000	10,000,000	0.23	November 1, 2023	Bullet	*1	*2
13th unsecured investment corporation bond	October 26, 2020	10,000,000	10,000,000	0.2	October 24, 2025	Bullet	*1	*2
Total		42,993,175	42,993,175					

*1. The investment corporation bonds are primarily used to fund the acquisition of real properties or beneficiary right of real estate in trust, and to repay existing loans.

*2. Financial covenants, such as a negative pledge, are not included in these bonds.

*3. Bond issuance was limited to qualified institutional investors by a private placement.

*4. For the purpose of avoiding foreign currency risk with respect to foreign currency investment corporation bonds, the Company engages in currency swap transactions to fix the exchange rates. Considering the effects of the currency swap transactions, the balances and interest rates are reflected in the schedule.

10. Net Assets

The Company is required to maintain net assets of at least ¥50 million, as required pursuant to the ITA.

11. Income Taxes

The Company is subject to Japanese corporate income taxes on all of its taxable income. However, under the Special Taxation Measures Act, an investment corporation is allowed to deduct dividends of earnings or dividend distributions, paid to unitholders from its taxable income if certain tax requirements are satisfied. Such tax requirements include dividend distributions in excess of 90% of its profit available for dividends for the fiscal period as stipulated by Article 67-15 of the Special Taxation Measures Act. The significant components of deferred tax assets and liabilities as of March 31, 2023 and September 30, 2023 were as follows:

	Thousands of yen	
	As of March 31, 2023	As of September 30, 2023
Deferred tax assets:		
Accrued enterprise tax	931	973
Amortization of a term leasehold interest	133,239	138,715
Asset retirement obligations	129,484	130,789
	263,655	270,478
Valuation allowance	(161,268)	(168,048)
Total deferred tax assets	102,387	102,429
Deferred tax liabilities:		
Asset retirement obligations	101,455	101,455
Reserve for advanced depreciation of non-current assets	2,408,105	2,408,105
Total deferred tax liabilities	2,509,561	2,509,561
Net deferred tax liabilities	2,407,174	2,407,132

The reconciliation of tax rate difference between the adjusted statutory tax rate and the effective tax rate as of March 31, 2023 and September 30, 2023 was as follows:

	As of March 31, 2023	As of September 30, 2023
Statutory tax rate	34.59%	34.59%
Deductible dividend distribution	(34.57%)	(34.56%)
Change in valuation allowance	0.04%	0.04%
Others	0.00%	0.00%
Effective tax rate	0.07%	0.07%

12. Related Party Transactions

For the six months ended March 31, 2023 and September 30, 2023

Transactions with related parties defined under the Financial Instruments and Exchange Act are listed below.

(1) Parent Company and Major Corporation Unitholders

For the period from October 1, 2022 to March 31, 2023

“Not applicable”

For the period from April 1, 2023 to September 30, 2023

“Not applicable”

(2) Affiliated Companies

For the period from October 1, 2022 to March 31, 2023

“Not applicable”

For the period from April 1, 2023 to September 30, 2023

“Not applicable”

(3) Sister Companies

For the period from October 1, 2022 to March 31, 2023

“Not applicable”

For the period from April 1, 2023 to September 30, 2023

“Not applicable”

(4) Directors and Major Individual Unitholders

For the period from October 1, 2022 to March 31, 2023

“Not applicable”

For the period from April 1, 2023 to September 30, 2023

“Not applicable”

Transactions with related parties defined under the ITA are listed below.

In addition to controlling unitholders, major unitholders, subsidiary corporations, subsidiary companies of controlling unitholders, and officers and their close relatives, the definition of a “related party” under the ITA also includes the asset management company and its interested parties (parent and subsidiary corporations, specified individual shareholders, and major shareholders of the asset management company defined as interested parties under Article 201 of the ITA and Article 123 of the enforcement order of the ITA), as well as the asset custody company.

For the period from October 1, 2022 to March 31, 2023 (Unaudited)

Type of relationship	Name of transaction partner	Type of business	Percentage of units held	Transaction details	Transaction amount (¥ thousand)	Accounting item	Balance at end of the period (¥ thousand)
Interested party	Mitsubishi Estate Co., Ltd.	Real estate	1.24%	Rent revenue	15,454,145	—	—
				Security deposit increase	349,249	Deposits received from tenants	18,609,123
				Security deposit return	734,548		
Interested party	Mitsubishi Jisho Property Management Co., Ltd.	Real estate management	—	Property management expenses	2,408,854	—	—
Interested party	Dairoku Mec Toshikaihatsu TMK	Real estate	—	Real estate beneficiary rights in trust purchase	23,900,000	—	—

Notes: 1. Consumption tax is not included in the above amounts.

2. Transaction terms were decided based on market conditions at the time the transaction was made.

For the period from April 1, 2023 to September 30, 2023 (Unaudited)

Type of relationship	Name of transaction partner	Type of business	Percentage of units held	Transaction details	Transaction amount (¥ thousand)	Accounting item	Balance at end of the period (¥ thousand)
Interested party	Mitsubishi Estate Co., Ltd.	Real estate	1.20%	Rent revenue	15,531,122	—	—
				Security deposit increase	595,551	Deposits received from tenants	17,587,063
				Security deposit return	1,617,611		
Interested party	Mitsubishi Jisho Property Management Co., Ltd.	Real estate management	—	Property management expenses	2,585,242	—	—

Notes: 1. Consumption tax is not included in the above amounts.

2. Transaction terms were decided based on market conditions at the time the transaction was made.

13. Segment Information

For the six months ended March 31, 2023 and September 30, 2023

Since the Company has been engaged in the real estate leasing business using a single segment, segment information has been omitted.

Information on products and services

Since revenues from external customers for a single segment accounted for more than 90% of total operating revenues, segment information on products and services has been omitted.

Information on geographic area

(1) Revenue

Since 100% of total operating revenues was generated from external customers within Japan, a geographical breakdown of revenues has been omitted.

(2) Property and equipment

Since 100% of total property and equipment on the balance sheets was located within Japan, a geographical breakdown of such property and equipment has been omitted.

Information on major customers

For the period from October 1, 2022 to March 31, 2023

Since no single external customer represents 10% or more of the Company's total operating revenues, information on major customers has been omitted.

For the period from April 1, 2023 to September 30, 2023

Thousands of yen		
Name of customer	Operating revenues	Related segment
Mullion TMK	4,130,837	Real estate leasing business

14. Asset Retirement Obligations

For the six months ended March 31, 2023 and September 30, 2023

Asset retirement obligations reported on balance sheets

The Company acquired Osaki Front Tower on February 1, 2011 under the term leasehold for business use agreement which, at the expiry of the leasehold, obligates the Company to restore the leased land to its original state. At the inception of a lease with such an obligation, the Company recognized an asset retirement obligation and a corresponding capital asset in an amount equal to the present value of the estimated demolition cost required for the removal of the properties located on the leased land. The present value is calculated using 2.015% as the discount rate over 42 years, which is the term of the leasehold.

Change in the asset retirement obligations for the six months ended March 31, 2023 and September 30, 2023 consisted of the following:

	Thousands of yen	
	For the period from October 1, 2022 to March 31, 2023	For the period from April 1, 2023 to September 30, 2023
Balance at the beginning of the period	370,608	374,341
Increase in tangible fixed assets	—	—
Accretion expense	3,733	3,771
Balance at the end of the period	374,341	378,113

15. Investment and Rental Property

For the six months ended March 31, 2023 and September 30, 2023

The Company owns primarily a portfolio of office properties in Tokyo and other prefectures in order to gain rental revenue from them.

The book values on balance sheets as of March 31, 2023 and September 30, 2023 and the fair values as of March 31, 2023 and September 30, 2023 are as follows:

Thousands of yen			
Book value		Fair value	
As of September 30, 2022	Change during the period	As of March 31, 2023	As of March 31, 2023
977,086,095	32,998,662	1,010,084,757	1,336,442,500

Thousands of yen			
Book value		Fair value	
As of March 31, 2023	Change during the period	As of September 30, 2023	As of September 30, 2023
1,010,084,757	6,185,328	1,016,270,085	1,341,209,500

Notes: 1. Book value on balance sheets means the acquisition cost less accumulated depreciation.

2. As for the change during the period ended September 30, 2023, the major reason for the increase was the acquisition of Forecast Sakaisujihonmachi (¥17,878,357 thousand), and the major reasons for the decrease were the disposition of Harumi Front (30% quasi-co-ownership interest) (¥7,461,916 thousand) and by depreciation.

3. Fair values as of March 31, 2023 and September 30, 2023 are defined as the appraised values provided by an external qualified professional appraiser. As of March 31, 2023 and September 30, 2023, Harumi Front, for which the disposition agreement was made dated November 15, 2022, was valued at the disposition price.

Profits and losses related to investment and rental property are listed in Section 18. “Breakdown of Property-Related Revenues and Expenses.”

16. Revenue Recognition

For the six months ended March 31, 2023 and September 30, 2023

Breakdown information on revenue from contracts with customers

For the period from October 1, 2022 to March 31, 2023

	Thousands of yen	
	Revenue from contracts with customers *1	Revenue from external customers
Sales of real estate properties	—	3,387,611 *2
Utilities income	1,945,490 *3	1,945,490
Others	—	32,012,046
Total	1,945,490	37,345,149

*1. Rent revenues subject to “Accounting Standard for Lease Transactions” (ASBJ Statement No. 13) and revenue from sales of real estate properties subject to “Practical Guidelines on Accounting by Transferors for Derecognition of Real Estate Securitized by means of Special Purpose Companies” (the Accounting System Committee Statement No. 15 of the Japanese Institute of Certified Public Accountants (JICPA)) are excluded from “Revenue from contracts with customers” as they are not subject to Accounting Standard for Revenue Recognition. The revenue from contracts with customers is mainly revenues from utilities income.

*2. Sales of real estate properties are recorded as gains or losses on sales of real estate properties in the statements of income in accordance with Article 48-2 of the Regulations on Accounting of Investment Corporation (Cabinet Office Ordinance No. 47 of 2006), and therefore the amount is the proceeds from sales of real estate properties, less the cost of real estate properties sold and other sales expenses.

*3. Utilities income is the amount of income recognized in proportion to the supply of electricity, water, etc. to the lessee as the customer, in accordance with the terms of the real estate lease contract and related agreements.

For the period from April 1, 2023 to September 30, 2023

	Thousands of yen	
	Revenue from contracts with customers *1	Revenue from external customers
Sales of real estate properties	—	4,130,837 *2
Utilities income	2,053,182 *3	2,053,182
Others	—	32,443,954
Total	2,053,182	38,627,974

*1. Rent revenues subject to “Accounting Standard for Lease Transactions” (ASBJ Statement No. 13) and revenue from sales of real estate properties subject to “Practical Guidelines on Accounting by Transferors for Derecognition of Real Estate Securitized by means of Special Purpose Companies” (the Accounting System Committee Statement No. 15 of the Japanese Institute of Certified Public Accountants (JICPA)) are excluded from “Revenue from contracts with customers” as they are not subject to Accounting Standard for Revenue Recognition. The revenue from contracts with customers is mainly revenues from utilities income.

*2. Sales of real estate properties are recorded as gains or losses on sales of real estate properties in the statements of income in accordance with Article 48-2 of the Regulations on Accounting of Investment Corporation (Cabinet Office Ordinance No. 47 of 2006), and therefore the amount is the proceeds from sales of real estate properties, less the cost of real estate properties sold and other sales expenses.

*3. Utilities income is the amount of income recognized in proportion to the supply of electricity, water, etc. to the lessee as the customer, in accordance with the terms of the real estate lease contract and related agreements.

17. Per Unit Information

The following table summarizes information about net assets per unit and profit per unit as of March 31, 2023 and September 30, 2023 and for the periods then ended, respectively:

	Yen	
	For the period from October 1, 2022 to March 31, 2023	For the period from April 1, 2023 to September 30, 2023
Net assets per unit	373,945	378,393
Profit per unit	11,667	12,013

Notes: 1. Profit per unit is computed by dividing profit by the weighted average number of units outstanding during each period. Diluted profit per unit has not been presented since no warrants or convertible bonds were outstanding during the period.

2. The basis for the computation of profit per unit is as follows:

	Thousands of yen	
	For the period from October 1, 2022 to March 31, 2023	For the period from April 1, 2023 to September 30, 2023
Profit	16,161,308	17,075,110
Amount not attributable to normal unitholders	—	—
Profit applicable to normal investment units	16,161,308	17,075,110
Average number of investment units during the period	1,385,210 units	1,421,308 units

18. Breakdown of Property-Related Revenues and Expenses

For the six months ended March 31, 2023 and September 30, 2023

	Thousands of yen	
	For the period from October 1, 2022 to March 31, 2023	For the period from April 1, 2023 to September 30, 2023
Property-Related Revenues	33,957,537	34,497,137
Rent revenues	33,837,810	34,131,137
Rental revenues	28,157,752	28,515,395
Common service charges	2,187,867	1,999,804
Parking revenues	700,821	707,003
Other rental revenues	2,791,369	2,908,933
Other lease business revenues	119,726	365,999
Cancellation charges	5,846	78,181
Other miscellaneous revenues	113,880	287,817
Property-Related Expenses	18,252,786	18,447,146
Expenses related to lease business	18,252,786	18,447,146
Property management expenses	3,877,085	3,939,312
Utilities expenses	3,178,061	3,282,000
Property and other taxes	3,479,452	3,640,240
Casualty insurance	43,871	44,165
Repairing expenses	1,271,791	1,064,059
Depreciation	6,196,329	6,263,434
Other rental expenses	206,195	213,933
Property-Related Profits	15,704,750	16,049,990

19. Breakdown of Gain on Sales of Real Estate Properties

For the six months ended March 31, 2023 and September 30, 2023

For the period from October 1, 2022 to March 31, 2023

	Thousands of yen
Harumi Front (25% quasi-co-ownership interest)	
Revenue from sale of real estate property	9,777,500
Cost of real estate property sold	6,280,101
Other sales expenses	109,786
Gain on sales of real estate properties	3,387,611

For the period from April 1, 2023 to September 30, 2023

	Thousands of yen
Harumi Front (30% quasi-co-ownership interest)	
Revenue from sale of real estate property	11,733,000
Cost of real estate property sold	7,461,916
Other sales expenses	140,246
Gain on sales of real estate properties	4,130,837

20. Changes in Unitholders' Equity

For the six months ended March 31, 2023 and September 30, 2023

Total number of investment units issuable and number of units outstanding	As of March 31, 2023	As of September 30, 2023
Total number of investment units issuable	4,000,000 units	4,000,000 units
Number of units outstanding	1,385,210 units	1,422,864 units

21. Supplemental Cash Flow Information

Cash and cash equivalents

The following table represents a reconciliation of cash and cash equivalents as of March 31, 2023 and September 30, 2023:

	Thousands of yen	
	As of March 31, 2023	As of September 30, 2023
Cash and deposits	23,341,245	29,088,626
Cash and deposits in trust	8,165,242	7,031,681
Time deposits with maturities of more than three months	—	—
Cash and cash equivalents	31,506,487	36,120,308

22. Leases

1. Leased assets under finance lease transactions that do not transfer ownership of the leased assets to the lessees are capitalized and depreciated by the straight-line method over the lease term with no residual value. Such capitalized leased assets primarily consist of tools, furniture and fixtures.
2. The Company, as a lessor, owns office buildings under leases and earns rent income. As of March 31, 2023 and September 30, 2023, the future lease revenues under the non-cancelable operating leases are as follows:

	Thousands of yen	
	As of March 31, 2023	As of September 30, 2023
Due within one year	28,139,070	28,255,671
Due after one year	55,205,445	53,691,731
Total	83,344,516	81,947,403

23. Subsequent Events

For the six months ended September 30, 2023

Independent Auditor's Report

The Board of Directors
Japan Real Estate Investment Corporation

Opinion

We have audited the accompanying financial statements of Japan Real Estate Investment Corporation (the Company), which comprise the balance sheet as at September 30, 2023, and the statements of income and retained earnings, changes in unitholders' equity, cash distributions, and cash flows for the six-month period then ended, and notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as at September 30, 2023, and its financial performance and its cash flows for the six-month period then ended in accordance with accounting principles generally accepted in Japan.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in Japan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the financial statements in Japan, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

The other information comprises the information included in the Semiannual Report that contains audited financial statements but does not include the financial statements and our auditor's report thereon. Management is responsible for preparation and disclosure of the other information. The Supervisory Director is responsible for overseeing the Company's reporting process of the other information.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Responsibilities of Management and the Supervisory Director for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in Japan, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern and disclosing, as required by accounting principles generally accepted in Japan, matters related to going concern.

The Supervisory Director is responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with auditing standards generally accepted in Japan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.
- Consider internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances for our risk assessments, while the purpose of the audit of the financial statements is not expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation in accordance with accounting principles generally accepted in Japan.

We communicate with the Executive Director regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Executive Director with a statement that we have complied with the ethical requirements regarding independence that are relevant to our audit of the financial statements in Japan, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

Fee-related Information

The fees paid or payable to us and other EY Member Firms for the audits of the financial statements of the Company and other non-audit fees charged in the audit period to the Company are 18 million yen and 12 million yen, respectively.

Interest Required to Be Disclosed by the Certified Public Accountants Act of Japan

Our firm and its designated engagement partners do not have any interest in the Company which is required to be disclosed pursuant to the provisions of the Certified Public Accountants Act of Japan.

Other Information

1. Risk Factors

The principal risks with respect to investment in JRE are as follows:

- any adverse conditions in the Japanese economy could adversely affect JRE;
- JRE may not be able to acquire properties to execute the growth and investment strategy in a manner that is accretive to earnings;
- illiquidity in the real estate market may limit the ability to grow or adjust the portfolio;
- the past experience of the asset manager (the “AIFM”) in the Japanese real estate market is not an indicator or guarantee of future results;
- JRE’s reliance on its sponsor company, the AIFM, and other third-party service providers could have a material adverse effect on business;
- there are potential conflicts of interest between JRE and its sponsor company as well as the AIFM;
- JRE’s revenues largely comprise leasing revenues from the portfolio properties, which may be negatively affected by vacancies, decreases in rent and late or missed payments by tenants;
- JRE faces significant competition in seeking tenants and it may be difficult to find replacement tenants;
- increases in interest rates may increase the interest expense and may result in a decline in the market price of the units;
- JRE may suffer large losses if any of the properties incurs direct or indirect damage from a natural or man-made disaster;
- most of the properties in the portfolio are concentrated in Tokyo and the Tokyo metropolitan area;
- any inability to obtain financing for future acquisitions could adversely affect the growth of the portfolio;
- JRE’s failure to satisfy a complex series of requirements pursuant to Japanese tax regulations would disqualify JRE from certain taxation benefits and significantly reduce the cash distributions to the unitholders; and
- ownership rights in some of JRE’s properties may be declared invalid or limited.

In addition, JRE is subject to the following risks:

- risks related to increasing operating costs;
- risks related to JRE’s dependence on the efforts of the AIFM’s key personnel;
- risks related to the restrictive covenants under debt financing arrangements;
- risks related to entering into forward commitment contracts;
- risks related to third-party leasehold interests in the land underlying JRE properties;
- risks related to holding the property in the form of stratified ownership (*kubun shoyū*) interests or co-ownership interests (*kyōyū-mochibun*);
- risks related to holding the property through trust beneficiary interests;
- risks related to properties not in operation (including properties under development);
- risks related to the defective title, design and construction, other defects, non-conformity to the agreement or problems in the properties;
- risks related to impairment losses related to the properties;
- risks related to tenant leasehold deposits and/or security deposits;
- risks related to tenant’s default as a result of financial difficulty or insolvency;
- risks related to the insolvency of master lessee;
- risks related to the insolvency of a property seller following the purchase of a property by AIF;
- risks related to relying on expert appraisals and engineering, environmental and seismic reports as well as industry and market data;
- risks related to the presence of hazardous or toxic substances in the properties, or the failure to properly remediate such substances;
- risks related to strict environmental liabilities for the properties;
- risks related to the amendment of applicable administrative laws and local ordinances;
- risks related to infringing third party’s intellectual property rights;
- risks related to holding interests in properties through preferred shares of special purpose companies (*tokutei mokuteki kaisha*);
- risks related to holding Japanese anonymous association (*tokumei kumiai*) interests;
- risks related to investments in trust beneficiary interests;
- risks related to the tight supervision by regulatory authorities and compliance with applicable rules and regulations;

- risks related to tax authority disagreement with the AIFM's interpretations of the Japanese tax laws and regulations;
- risks related to being unable to benefit from reductions in certain real estate taxes enjoyed by qualified J-REITs;
- risks related to changes in Japanese tax laws;
- risk of dilution as a result of further issuances of units;
- risks related to unexpected repair costs; and
- risks related to epidemics, natural disasters and wars.

2. Information Required under Article 22(2)(d) of the EU Alternative Investment Fund Managers Directive (AIFMD)

(1) Material Changes in Information Listed in Article 23 of AIFMD during the Financial Period Covered by the Report (six-month fiscal period ended September 30, 2023)

None.

3. Remuneration Policy for Asset Manager Directors, Corporate Auditors and Employees

Beginning April 1, 2022 and ending March 31, 2023

1. Remuneration for Asset Manager Directors

The total amount of remuneration, bonuses and other property benefits received by Asset Management Directors from the Asset Management Company as compensation for their duties, as well as the individual amounts each Asset Management Director receives, is decided by a resolution of a general meeting of unitholders. The policy for Asset Manager Director remuneration and bonuses is as follows:

- (1) The remuneration table is determined by the Director's position.
- (2) Remuneration will be paid to full-time Directors but will not be paid to part-time Directors.
- (3) Bonuses will not be paid to Directors, regardless of whether they occupy a full-time or part-time position.

2. Remuneration for Asset Manager Corporate Auditors

The total amount of remuneration, bonuses and other property benefits received by Corporate Auditors from the Asset Management Company as compensation for their duties, as well as the individual amounts each Corporate Auditor receives, is decided by a resolution of a general meeting of unitholders. The policy for Corporate Auditor remuneration and bonuses is as follows:

- (1) Remuneration will not be paid to part-time Corporate Auditors.
- (2) Bonuses will not be paid to Corporate Auditors, regardless of whether they occupy a full-time or part-time position.

	Directors		Corporate Auditors		Total	
	Number of person(s) remunerated	Remuneration (in millions of JPY)	Number of person(s) remunerated	Remuneration (in millions of JPY)	Number of person(s) remunerated	Remuneration (in millions of JPY)
Remuneration based on resolutions of the General Meeting of Shareholders of the Asset Manager	3	52	0	0	3	52

3. Remuneration for Asset Manager Employees

- (1) Remuneration for employees of the Asset Management Company (payment period, payment method, pay raises, promotions, etc.) is stipulated by pay regulations and personnel evaluation regulations, and decided by objective evaluation of the process as well as achievements that take into account the overall corporate performance.
- (2) Monthly pay consists of base pay, work allowance, executive allowance and overtime pay. Pay raises are based on the results of performance evaluations that take into account management results from the previous fiscal year, and are carried out in April every year. Promotions are dealt with in the same way.
- (3) As for bonuses, the base number of multiples of monthly pay as bonuses is determined in advance by qualifications of the employee. Increases (or decreases) in the amount paid are based on the results of performance evaluations, which take into account corporate performance in the previous fiscal year.

	Number of employees	All employees		
		Remuneration (in millions of JPY)		
		Total	Fixed	Variable
Remuneration based on compensation rules	41	366	234	132

4. Conflicts of Interest

There are potential conflicts of interest between the Company and the Asset Management Company with respect to remuneration for the Directors, Corporate Auditors and employees of the Asset Management Company. The Company believes that the above remuneration policy mitigates such potential conflicts. In addition, the Asset Management Company has adopted an internal set of rules that apply to all related-party transactions, such as transactions between the Company and the Asset Management Company. These rules require strict compliance by the Asset Management Company with laws and regulations regarding related-party transactions. They also contain specific procedures to be followed in the event of a transaction that involves a related party, in order to implement arm's length terms.

4. Periodic disclosure for financial products referred to in *Article 8, paragraph 1, 2 and 2a, of Regulation (EU) 2019/2088* and *Article 6, first paragraph, of Regulation (EU) 2020/852*

Product name: Japan Real Estate Investment Corporation

Legal entity identifier: 3538003YAIR3CBGJJ928

Japan Real Estate Investment Corporation (“JRE”) promotes environmental and social characteristics but does not have as its objective a sustainable investment within the meaning of Article 9(1) of Regulation (EU) 2019/2088. JRE has no employees in accordance with the prohibition on having employees under the Act on Investment Trusts and Investment Corporations of Japan, and relies on Japan Real Estate Asset Management Co., Ltd. (the “Asset Manager”) to manage and operate the properties in JRE’s portfolio. The Asset Manager and JRE are hereinafter referred to collectively as “we,” “us” or “our” unless noted otherwise. References to “fiscal year” or “FY” are to the 12 months began or beginning April 1 of the year specified in line with the fiscal year of the Asset Manager, unless noted otherwise.

Environmental and/or social characteristics

Did this financial product have a sustainable investment objective?	
<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No
<input type="checkbox"/> It made sustainable investments with an environmental objective: ____% <input type="checkbox"/> in economic activities that qualify as environmentally sustainable under the EU Taxonomy <input type="checkbox"/> in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy <input type="checkbox"/> It made sustainable investments with a social objective: ____%	<input type="checkbox"/> It promoted Environmental/Social (E/S) characteristics and while it did not have as its objective a sustainable investment, it had a proportion of ____% of sustainable investments <input type="checkbox"/> with an environmental objective in economic activities that qualify as environmentally sustainable under the EU Taxonomy <input type="checkbox"/> with an environmental objective in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy <input type="checkbox"/> with a social objective <input checked="" type="checkbox"/> It promoted E/S characteristics, but did not make any sustainable investments

To what extent were the environmental and/or social characteristics promoted by this financial product met?

We are committed to pursuing social sustainability, making socially responsible investments, and maximizing unitholder value by being mindful of the environment, contributing to society, and enhancing governance. We view environmental, social, and governance (“ESG”)-related initiatives as essential for a business to be both sustainable and stable, and are committed to implementing these initiatives in cooperation with our stakeholders. More specifically, we are committed to improving the environmental performance of our real estate portfolio while generating greater returns on our office investments, achieving sustainable development alongside all of our stakeholders, including unitholders, tenants, employees, suppliers and local communities, to contribute to sustainable society, and maximizing unitholder value. Our basic policy is to strictly observe legal requirements and relevant social norms, and under this basic policy, we have established a Sustainability Policy to implement the initiatives described below.

- *Environmental Initiative.* Based on the Sustainability Policy items “1. Climate change initiative (promoting decarbonization and strengthening resilience)” and “2. Contribution to resource conservation including water and resource recycling”, JRE has set reduction targets for energy consumption and greenhouse gas (“GHG”) emissions in order to improve the environmental performance of its real estate portfolio. In order to achieve these targets, the Asset Manager implements measures to improve the operational performance of buildings, conducts energy efficiency retrofits, and engages tenant on energy efficiency based on its “Energy Conservation Policy”, which stipulates operational policies for improving energy efficiency of the real estate portfolio, and “GHG Emissions Reduction Policy”, which aims to create a decarbonized society.

- *Environmental Consideration of Portfolio.* To track the environmental performance of our properties, we rely on certifications issued by third-party organizations, such as the Development Bank of Japan's ("DBJ") Green Building Certification, Comprehensive Assessment System for Built Environment Efficiency ("CASBEE") certification, Building Energy-efficiency Labeling System ("BELS") certification, Net Zero Energy Building ("ZEB") certification and other equivalent certifications.
- *Tenant Engagement.* To increase the satisfaction of tenants in each building, we periodically carry out tenant satisfaction surveys. JRE is also implementing various initiatives to enhance the sustainability of each building in collaboration with tenants, such as distribution of sustainability guides. Sustainability guides introduce activities to improve the office environment, such as creating open spaces to promote communications among workers and introducing sustainable daily efforts to reduce electricity and water consumption. Regarding lease agreements, we include Green Lease provisions in our lease agreements that require tenants to achieve certain operational improvements and install energy-efficient retrofits. Specifically, Green Leases include provisions requiring each party to cooperate with the other party on measures to achieve sustainability targets and obtain environmental certifications, and to share energy-consumption and water usage data. We conduct periodic surveys of property managers of all of our properties based on the questions from Global Real Estate Sustainability Benchmark ("GRESB"), and we analyze sustainability efforts based on survey results, which are shared with the property managers. The survey includes questions on whether a property manager has introduced any measures to reduce energy consumption, water usage and waste, whether it has implemented any sustainability measures and conducted any satisfaction survey for tenants and whether it has engaged in any social activities with local communities. As for property level energy, water usage, and waste-related data, we utilize a system to give online feedback regarding such data.
- *Employee Health and Well-being at the Asset Manager.* We believe that the physical and mental health of employees and the creation of an accommodating work environment are key to maintaining and improving our business performance. As an example of related initiatives, we conduct annual anonymous surveys of all employees on a wide range of topics, including the work environment, benefits and educational support. The survey results are reported to the Asset Manager's President & CEO and are used for improving our activities. In addition, the HR department interviews employees to gather their opinions on how to improve operational efficiency. Furthermore, all employees can consult with the General Manager of the Asset Manager's Compliance Department, a law firm, or an outside specialist on matters such as risks/problems at work, grievances and improvement requests as well as whistleblowing on illegal or unethical behaviour by officers and employees. Every employee can seek any of the foregoing consultations anonymously, and whistleblowers are given protection under the Whistleblower Protection Act of Japan. If deemed necessary, such matters of consultations are reported to the President & CEO, who will conduct an investigation and take measures necessary for resolution of the issue. In addition, we have implemented various measures, including creating a productive and employee-friendly workplace and promoting diverse work styles, to promote the physical and mental health of employees, help them achieve good work-life balance, and increase employees' motivation.
- *International Initiatives and External Evaluations.* We attach great importance to ESG-conscious investing in order to continuously improve the value of assets under management, and are a signatory or participant in various international initiatives, such as PRI, RE100 and, as a member of Mitsubishi Estate Group, the United Nations Global Compact (UNGC). Also, JRE's updated CO₂ emissions reduction target has been approved by the Science Based Targets initiatives (SBTi), which is a global joint initiative by Carbon Disclosure Project (CDP), the United Nations Global Compact, the World Resources Institute (WRI) and the World Wide Fund for Nature (WWF). Furthermore, several of the Asset Manager's ESG initiatives have been evaluated highly by external organizations in Japan and overseas. Going forward, we will maximize long-term returns by strengthening our ESG initiatives.

- *How did the sustainability indicators perform?*

We use the following indicators to measure the attainment of the environmental or social characteristics we promote:

- *Environmental Initiative*

- *Climate Change Initiatives.* We aim to achieve a 80% reduction in total CO₂ emissions from our portfolio by FY2030 compared with the 2019 level and net zero CO₂ emissions from our portfolio by FY2050. We recognize that reduction of GHG emissions is of critical importance to ensure the sustainability of our business. We have been working to reduce energy consumption and GHG emissions of our portfolio by installing eco-friendly equipment such as LED lighting, which reduces electronic usage, and energy-saving air conditioning systems. The percentage of progress in installing LED light bulbs in certain common areas for the entire portfolio was 55% as of March 31, 2022 and 57% as of March 31, 2023 on a gross floor area basis. In addition, we have accelerated the use of electricity 100% from renewable energy sources, and the number of properties in which we had introduced 100% renewable electricity was 59 as of March 31, 2023 but had grown to 60 as of September 30, 2023. We reduced total CO₂ emissions from our portfolio by 31.01% in FY2021, and 71.02% in FY2022, as compared with the 2019 level. As for energy consumption, we reduced total energy consumption from our portfolio by 7.86% in FY2021, and 9.10% in FY2022 as compared with the 2019 level.
- *Water Saving Initiatives.* We aim to achieve 20% reduction in water use (intensity) in our portfolio by FY2030 compared with the 2019 level. Some of the buildings we own are equipped with facilities for reusing rainwater and greywater, as we endeavour to reduce the consumption of tap water. We reduced water use (intensity) by our properties by 29.63% in FY2021, and 23.38% in FY2022, as compared with the 2019 level.
- *Waste Management Initiatives.* We aim to achieve a more than 90% waste recycling rate in our portfolio by FY2030. We have reduced waste and promoted efficient use of resources through the promotion of reuse and recycling at our properties. In FY2021, we achieved a 55.3% waste recycling rate in our portfolio and in FY2022, we achieved a 55.0% waste recycling rate in our portfolio.
- *Renewable Energy.* We are making efforts to accelerate the use of electricity from renewable energy recognized by RE100 (where “RE” stands for renewable electricity), which is a global corporate renewable energy initiative bringing together hundreds of large and ambitious businesses committed to 100% renewable electricity. In May 2022, JRE joined the international initiative RE100 as the first J-REIT. We aim to make 90% of electricity (of Scope 2) used at our buildings renewable energy by FY2030 and 100% by FY2050. While as of the end of FY2021 the renewable energy rate (Scope 2) of our portfolio was 16.4%, the renewable energy rate of our portfolio had increased to 72.9% as of the end of FY2022.

- *Environmental Consideration of Portfolio.* As of March 31, 2023, 76.3% of our properties were green-certified based on gross floor area of owned buildings. As of September 30, 2023, 76.4% of our properties were green-certified based on gross floor area of owned buildings. Three of our properties with BELS certification are also certified as ZEB Ready (energy savings of greater than 50%) and one property is certified as ZEB Oriented (gross floor area 10,000 m² or more and energy savings beyond the regulation for each application).

- *Tenant Engagement*

- *Including “Green Lease” Provisions in Our Agreements.* JRE has increasingly entered into Green Leases. While, as of March 31, 2022, floor area percentage for buildings leased under a Green Lease agreement that contains a cost recovery clause was 58.4%, such percentage had increased by 11.2% to 69.6% as of March 31, 2023. (The figures for Green Leases include properties disposed during each fiscal year based on the SASB standards).

- *Sustainability Program for Tenants.* We conduct periodic satisfaction surveys to solicit feedback from tenants to maintain a high level of tenant satisfaction and use such feedback to improve our buildings' sustainability. Our survey on tenant satisfaction covered 26.4% of our properties calculated based on the number of buildings as of May 2021, 56.2% as of May 2022, more than double the previous percentage, and 56.0% as of May 2023. We believe that this improvement is thanks to advances in the understanding of property managers as a result of our ongoing engagement efforts, such as ESG seminars for property managers.

- *Employee Health and Well-being at the Asset Manager.* As described above, we conduct annual anonymous surveys of all employees on a wide range of topics, including the work environment, benefits and educational support. During the fiscal period ended on March 31, 2023, we conducted the latest survey and achieved a score of 4.2 (on a 5-point scale) for the employee satisfaction level, almost the same level as the previous score of 4.4, with a 100% response rate.

- *International Initiatives and External Evaluations*

- *PRI Assessment.* The Asset Manager is a PRI (Principles for Responsible Investment) signatory, which is required to report annually on the status of its ESG integration practices for evaluation, and received "4 Stars" in the "Investment and Stewardship Policy" module and the highest rating "5 Stars" in the "Real Estate" module in 2021.

- *MSCI Japan ESG Select Leaders Index.* The MSCI Japan ESG Select Leaders Index is an index to represent companies with high ESG performance selected based on the data from the MSCI Japan IMI Index. JRE was selected as a constituent of the MSCI Japan ESG Select Leaders Index as of June 1, 2022.

- *GRESB Real Estate Rating.* GRESB was founded in 2009 by a group of major European pension funds who played leading roles in launching PRI. In the 2023 GRESB Real Estate Assessment, JRE received for the sixth consecutive year "5 Stars," which is the highest GRESB rating (out of "5 Stars"), and also received for the eighth consecutive year "Green Star" based on its excellent ESG management system and performance record.

- *Carbon Disclosure Project ("CDP") score.* Since 2003, CDP has sent questionnaires every year to major companies to assess corporate actions on climate change. JRE has participated in CDP Climate Change Program since 2018. In the 2022 assessment, JRE has received the highest score of "A" securing a place on its annual "A List" for the first time.

- *...and compared to previous periods?*

See above.

- *What were the objectives of the sustainable investments that the financial product partially made and how did the sustainable investment contribute to such objectives?*

Not applicable.

- *How did the sustainable investments that the financial product partially made not cause significant harm to any environmental or social sustainable investment objective?*

Not applicable.

How did this financial product consider principal adverse impacts on sustainability factors?

We collect on an ongoing basis select information on our existing portfolio regarding the principal adverse impact indicators, including exposure to fossil fuels through investment assets, exposure to energy-inefficient investment assets, GHG emissions and energy consumption intensity. We monitor these indicators and aim to manage the risk connected to principal adverse impacts from our investment decisions in several ways, including general screening criteria and due diligence. As we actively conduct due diligence review of properties before acquisition and promote environmental and social initiatives as described above, we believe that any principal adverse impacts are substantially mitigated.

- *Exposure to fossil fuels through assets.* We do not invest in real estate assets involved in the extraction, storage, transport or manufacture of fossil fuels.
- *Exposure to energy-inefficient investment assets.* We consider properties other than the properties that have received any of the green building certifications and energy-saving certifications (“Green Assets”) to be energy-inefficient. As of September 30, 2023, 76.4% of our properties were Green Assets and 23.6% of our properties were not Green Assets. As described in more detail above, we implement as appropriate measures to reduce the environmental impact of these properties, including by obtaining environmental certifications.
- *Energy consumption intensity.* The amounts of energy consumption of our properties per square meter are 0.165 MWh in FY2021 and 0.166 MWh in FY2022. The amounts of Scope 1 GHG emission of our properties were 3,011 t-CO₂ in FY2021 and 2,786 t-CO₂ in FY 2022. Scope 2 GHG emissions of our properties were 32,350 t-CO₂ in FY2021 and 14,380 t-CO₂ in FY2022. Scope 3 GHG emissions of our properties were 35,658 t-CO₂ in FY2021 and 12,670 t-CO₂ in FY2022.

We believe that investment decisions that negatively affect climate or other environment-related resources, or have negative implications for society, can have a significant impact to risk and value creation for our unitholders. To this end, we consider the principal adverse impacts of our investment decisions on the above sustainability factors throughout all major steps of the investment decision and management process throughout the lifecycle of the properties in our portfolio.

We believe that climate change is more than an environmental issue, which has a major impact on social and industrial infrastructure, and therefore on our business activities. To maintain sustainable and stable earnings over the long term and overcome the oncoming changes from climate change, we will need to evaluate the risks and opportunities presented by climate change, and reflect such evaluation in our operational policies and asset management. Based on the foregoing, JRE has examined the magnitude of the financial impact of risks and opportunities presented by climate change for scenarios involving temperature increases between 4°C and 1.5°C, which are scenarios published by international organizations and other entities that predict the impact of global warming and climate change and of the changes that may occur in the business environment as a result of long-term policy trends in relation to climate change. We examined the impact of each scenario for 2030 (medium-term prospects) and 2050 (long-term prospects) for qualitative financial impact analysis. As for quantitative financial impact analysis, we assumed as of 2050 based on the FY2021 operating profit.

What were the top investments of this financial product?

Largest investments	Sector	% Assets (based on acquisition price)	Country
Office properties	Real estate	100	Japan

What was the proportion of sustainability-related investments?

As of September 30, 2023, 76.4% of the properties in the portfolio were Green Assets, and 23.6% were nonqualified assets based on gross floor area of owned buildings.

● *What was the asset allocation?*

● *In which economic sectors were the investments made?*

JRE invests in office buildings in major cities nationwide in Japan with the goal of stable growth in value over a medium- to long-term period.

To what extent were the sustainable investments with an environmental objective aligned with the EU Taxonomy?

Not applicable.

● *Did the financial product invest in fossil gas and/or nuclear energy related activities complying with the EU Taxonomy.*

Not applicable. JRE does not invest in real estate assets involved in fossil gas and/or nuclear energy related activities.

● *What was the share of investments made in transitional and enabling activities?*

Not applicable.

● *How did the percentage of investments that were aligned with the EU Taxonomy compare with previous reference periods?*

Not applicable.

What was the share of sustainable investments with an environmental objective not aligned with the EU Taxonomy?

Not applicable.

What was the share of socially sustainable investments?

Not applicable.

What investments were included under “other,” what was their purpose and were there any minimum environmental or social safeguards?

As of September 30, 2023, based on gross floor area of owned buildings, 23.6% of our properties were not Green Assets. However, we implement as appropriate measures to reduce their environmental impact following acquisition, including by obtaining environmental certifications, installing environmentally-friendly equipment, using renewable energy and undertaking appropriate renovations.

What actions have been taken to meet the environmental and/or social characteristics during the reference period?

As described in greater detail above, we implement various environmental initiatives at our properties including the following:

- *Environmental Initiative*
- *Environmental Consideration of Portfolio*
- *Tenant Engagement*
- *Employee Health and Well-being at the Asset Manager*
- *International Initiatives and External Evaluations*

How did this financial product perform compared to the reference benchmark?

Not applicable.

- *How does the reference benchmark differ from a broad market index?*

Not applicable.

- *How did this financial product perform with regard to the sustainability indicators to determine the alignment of the reference benchmark with the environmental or social characteristics promoted?*

Not applicable.

- *How did this financial product perform compared with the reference benchmark?*

Not applicable.

- *How did this financial product perform compared with the broad market index?*

Not applicable.

Note Regarding the EU Taxonomy Regulation

As set out above, JRE promotes certain environmental characteristics.

The Asset Manager is required, under Regulation (EU) 2020/852 (the “EU Taxonomy Regulation”), to disclose whether its assets are aligned with the environmental objectives formulated in the EU Taxonomy regulation. The EU Taxonomy Regulation is to be complemented by technical standards and screening criteria which are currently developed. The technical screening criteria for the first two environmental objectives (climate change mitigation and climate change adaptation) were adopted in December 2021. They apply as of January 1, 2022.

JRE invests in economic activities that are eligible under the EU Taxonomy Regulation in respect of climate change mitigation and/or climate change adaptation. This means that screening criteria for these investments have been or will be developed. The Asset Manager expressly states that in view of the fact that the regulations are still under development or have only recently been adopted and the fact that, as a result thereof, data on alignment of JRE’s investments with these environmental objectives and climate related goals in line with EU Taxonomy Regulation are not sufficiently available, the Asset Manager is not currently in a position to disclose on an accurate and reliable basis to what extent JRE’s investments technically qualify as Taxonomy-aligned or “environmentally sustainable” within the specific meaning of the EU Taxonomy Regulation. JRE’s investments may have a positive contribution to these environmental objectives and may therefore eventually be considered Taxonomy-aligned, but at this stage, the Asset Manager is required to state that there is no minimum proportion of JRE’s investments that qualify as such.

The Asset Manager further states that the “do no significant harm” principle applies only to those investments underlying the financial product that takes into account the EU criteria for environmentally sustainable economic activities. The investments underlying the other portion of this financial product do not take into account the EU criteria for environmentally sustainable economic activities.
