Notice of Amendments to the Articles of Incorporation and the Election of Directors

As announced in the morning edition of the *Nihon Keizai Shimbun* dated January 16, 2009, Japan Real Estate Investment Corporation (the “Investment Corporation”) will hold the Fifth General Unitholders’ Meeting on March 17, 2009. Please be informed that the Board of Directors of the Investment Corporation resolved at a board meeting held on February 9, 2009 the following items concerning the amendments to the Articles of Incorporation and the election of directors.

Set out below are the agenda for the proposed General Unitholders’ Meeting which will become effective upon resolution to be adopted at the Fifth General Unitholders’ Meeting of the Investment Corporation scheduled to be held on March 17, 2009.

1. The proposed amendments to the Articles of Incorporation and the reasons therefor

(1) Proposal 1 Partial Amendment to the Articles of Incorporation (Part I)

- i) Due to the amendments to and the enforcement of the laws and regulations as follows, the Articles of Incorporation are proposed thoroughly to be amended in order to conform to certain expressions and wording of the relevant laws and regulations and to improve and amend certain provisions thereof:
 - * Improvement of and amendment to the “Securities and Exchange Law” and the “Law Concerning Investment Trusts and Investment Corporations” pursuant to the “Law for Partial Amendment of the Securities and Exchange Law” (effective as of September 30, 2007); and
 - * Enforcement of so-called “Dematerialization for Investment Securities” pursuant to the “The Law for Partial Amendments to the Law Concerning Book-entry

Transfer of Corporate Bonds and other Securities for the Purpose of Streamlining the Settlement for Trade of Stocks and Other Securities” (effective as of January 5, 2009).

- ii) The provisions of Article 13, Paragraphs 3 and 4 of the Articles of Incorporation are proposed to be newly incorporated in order to clarify the procedures for the exercise of voting rights through an Electromagnetic Method by the unitholders.
- iii) The provision of Article 24, Paragraph 1 of the Articles of Incorporation becomes unnecessary and is proposed to be deleted due to the amendments to the “Special Taxation Measures Law” (the “Law”). Also, the provisions of Article 30, Paragraph 3 and Article 32, Paragraph 1, Item (2) of the Articles of Incorporation are proposed to be improved due to the amendment to the definition of “Qualified Institutional Investors” under the Law and the future amendment to the relevant law related to the “amount of distributable income” under the Law, respectively.
- iv) The provisions regarding accounting and evaluation, under, Article 28 of the Articles of Incorporation relating to the method of asset evaluation and under Article 32, Paragraph 1, Item (1) of the Articles of Incorporation relating to the cash distribution policy, are proposed to be amended in order to change certain expressions and wording therein and to improve such provisions.
- v) The provision of Article 32, Paragraph 2 of the Articles of Incorporation relating to the statute of limitation is proposed to be newly incorporated to facilitate administrative operation for cash distribution.
- vi) In addition to the proposed amendments referred to above, certain provisions are proposed to be added and deleted, some expressions are changed and clarified, and the numbering of Articles is rearranged.

(2) Proposal 2 Partial Amendment to the Articles of Incorporation (Part II)

The provision of Article 37 of the Articles of Incorporation stipulates the different rates for the acquisition fee that the Investment Corporation shall pay to the Asset Management Company, depending on whether the seller is any of the shareholders of the Asset Management Company and their consolidated affiliates, or any other party. However, in consideration of the past performances and other factors, the maximum rate for the acquisition fee is proposed to be reduced from 1.0% to 0.5% of the purchase price, and the current framework that prescribes the different rates for the acquisition fee, depending on the seller, is proposed to be abolished and the rate will be unified. These amendments have been proposed based on the determination that it is appropriate for the rate for the acquisition fee to be unified in light of cases where it may be difficult to determine whether the seller falls under the category of a consolidated affiliate of any of the shareholders of the Asset Management Company, as a result of the recent amendments to the accounting principles.

A copy of the English translation of the Articles of Incorporation of Japan Real Estate Investment Corporation, reflecting the proposals in (1) and (2) above, is attached to this News Release.

2. Summary of election of directors

The terms of office of Taketo Yamazaki as Executive Director, and Kenji Kusakabe and

Tomohiro Okanoya as Supervisory Directors will expire as of May 10, 2009. Therefore, the Investment Corporation will propose the agenda to elect one (1) Executive Director and two (2) Supervisory Directors at the Fifth General Unitholders' Meeting of the Investment Corporation to be held on March 17, 2009.

In preparation for any unanticipated lack of an Executive Director, or an insufficient number of directors legally required, the Investment Corporation will propose the agenda to elect Kazuhiko Arahata as a substitute Executive Director. The said candidate for the substitute Executive Director is the CEO and President of Japan Real Estate Asset Management Co., Ltd., with which the Investment Corporation entered into the Agreement on the Delegation of Asset Management.

Claims and liabilities arising from derivatives not listed on any stock exchange shall be evaluated, if available, at a value reasonably calculated as a value equivalent to the market price. When the underlying assets of the trust or the anonymous partnership are real estate, evaluation shall be made by the same method as stated in Item (1) above. When such assets are financial assets, the value of the anonymous partnership equity interests or interests in the trust beneficiary rights shall be the relevant proportional amount of the aggregate value of such financial assets evaluated in accordance with generally accepted corporate accounting practices less the amount of debts.

3. The reference date for asset evaluation shall be the last day of each fiscal period (March 31 or September 30) in principle; provided, however, that in the case of assets as set forth in Paragraph 1, Items (3) and (4) above which may be evaluated at a value based on a market price, the reference date shall be the last day of each month.

Calculation of the term fee shall be based on the CF before deduction of the relevant term fee and the incentive fee set forth below. Payment shall be made within three (3) months from the last day of the relevant fiscal period.</p> <p><Formula></p> <ul style="list-style-type: none"> • For the portion of the CF not more than 2.5 billion yen, the amount equivalent to such portion multiplied by 8.0% • For the portion of the CF more than 2.5 billion yen and not more than 4 billion yen, the amount equivalent to such portion multiplied by 5.0% • For the portion of the CF more than 4 billion yen, the amount equivalent to such portion multiplied by 3.0%
